

SARACEN

Veteran Balancer

Veteran Balancer is a highly appetising muesli ration ideal for senior horses and ponies that are leading active and even competitive lives, whose weight needs to be managed. This fully balanced, nutrient dense ration is formulated to maintain optimum health, wellbeing and continued zest for life.

Suitable for:

- Horses and ponies at rest or in light to medium work needing a low calorie, low starch and low sugar diet
- Horses and ponies who are 'good doers' and who are more at risk to metabolic diseases such as laminitis or EMS
- Horses and ponies who are not in work but maintain their weight well on a small amount of feed
- Horses and ponies requiring slow release, stamina-based energy
- Fussy feeders or those with limited appetites

Features and Benefits:

- High in fibre, low in starch and sugar
- Balanced with vitamins and chelated minerals, with optimum antioxidant support as well as a healthy hoof package
- Contains a live yeast for optimum digestive health
- Includes linseed, a good source of Omega 3 fatty acids to support joint health
- Includes a mycotoxin binder to provide additional digestive support to horses and ponies being managed on lower quality forage and grazing
- Can be used alongside Saracen Veteran Mash as a two-part feeding system
- Low daily feeding rate to ensure efficient and effective feeding
- Encapsulated malted flavour together with Saracen Horse Feeds' Palatability Plus (P+) technology to support and encourage fussy feeders
- A low glycaemic plant-based coating to support optimum metabolic health

Composition (list of ingredients)

Oatfeed, Dried Sugar Beet Pulp, Soya Hulls*, Isomaltulose Molasses, Soya Flakes*, Pea Flakes, Lucerne Pellets, Soya Oil*, Full Fat Linseed Meal, Barley Flakes, Monocalcium Phosphate, Vitamins & Minerals, Magnesium Oxide, Dicalcium Phosphate, Molasses, Sodium Chloride, Soya Bean Meal Feed*, Mixture of Flavouring Compounds.

*Genetically modified material

Zootechnical Additives (Yeast)

4b1710 Saccharomyces cerevisiae MUCL 39885 (Vistacell)

Number of Colony Forming Units (CFU): Minimum 6.25×10^{10} CFU/KG

Feeding rate

Bodyweight / KG	Feed/KG
Per 100kg	200g daily
These feeding rates are intended as a guide only.
